In order to help every child succeed in our FJC Afterschool Programs, we want to know more about him/her. Please provide us with information regarding your child's learning needs. This can include any information related to an IEP or learning profile they have for their regular class, and/or observations you have made as a parent. The more information we have, the better we can be partners in your child's Jewish education. Please also email the office directly if you would like to set-up a meeting with our teachers to talk about accommodations for your child and the best program/schedule for his/her success.

Describe any specific learning needs your child may have
